

Geography and Research Enthusiasts (cupertino)

Location **California**
<https://www.genclassifieds.com/x-378823-z>

Here at Welocalize, we strive to offer nothing but the best service for our talented audience. Right now, we have an amazing opportunity with our Fortune 100 tech company to work as a Maps Quality Analyst.

REQUESTED LANGUAGES:
American English
Arabic (from Saudi Arabia and/or Egypt)

DETAILS:
-Job duration: 6-9 months, 40 hours/week
-Location: Cupertino, CA (remote work n/a)
-Start date: April 27th, 2015 (pre screening and interview conducted this week)
-Free shuttle service available throughout the Bay Area

This job will be great for those:
-who have an interest in geography, points of interest, and businesses
-with strong analytical skills
-who would love to play a part in the accuracy of maps data for the United States.

I am setting up calls to discuss further details.
