We are a disabled couple(he-60 she-59)looking for a ground floor 1 bdrm apt (or cottage).Need someone who will work with us through the CAPS process(they help with the 1st months rent and deposit for people making the transition from hospital to home-which we are).We just need to find a place .If you are a landlord or a property mgr i,m sure you know what this entails(e few hoops).But after all said and done we,ll have a combined income of approximately \$3,600 a mo.that being said we can easily afford something in the \$1,200---\$1,500 price range ---guaranteed.Thanks for.
