

Designer Doggie Beds

Location **Colorado**

I make custom dog beds from re-purposed furniture.

Prices range from \$100 to \$250 depending on the detailing and the time put in.

Here are some of the ones I have made. If you are interested please tell me the style (frame) you would like as well as the colors and theme. And of course your doggies name so that I can personalize it!

The aqua bed is still available for \$100!

*I did not make the canopy bed in the last pic but I am in the process of making one just like it.
