lab mix puppy

Location Alaska https://www.genclassifieds.com/x-379214-z

We have a 10 month old lab mix pup. He has current shots, kennel trained, house trained, and very sweet. He LOVES to play fetch and tug of war. He's very smart and learns quickly. We really wish we could keep him but he has to much energy for our small dog. Asking \$200 rehoming fee. He will come with kennel, bed, food, bowls, collar and.
