BLOCK FORECLOSURE IN 24-48 HOURS \$149.00 (Florida)

If you have been trying to work with the bank to save your home either through remodification of your home loan or a program to restart and lower your payments, but the bank is refusing to give you a workout program or call you back, and is now just moving forward with the foreclosure of you home, Than Now It Is Time To Take Matters Into Your Own Hands.

You have but a few options at this point.

- 1) You can hire a housing counselor (which may charge thousands and do very little).
- 2) Make the lender produce the promissory note, which may help delay the process, but many times the courts will just move forward with the foreclosure process.
- 3) Sell the house before the auction. A short sale is a good example in which the bank gets what they want and you will have few repercussions.
- 4) Negotiate a Deed in lieu of Foreclosure, in which you transfer ownership of the deed to the bank and walk away owing nothing.
- 5) Contact an attorney to take you through bankruptcy, in which they will charge you thousands and only get you a few additional months in your house.

OR

Stop the Foreclosure Sale yourself and stay in your house for many months or years by using the information Block Foerclosure will supply you for \$149.00.

I will work personally with you to stop your sale.
