Many of my clients live FAR outside the city and when they tell me why it always comes down to one thing. M-O-N-E-Y. It's just cheaper to live there than it is to live in the heart of Downtown. My reaction is always the same...I don't blame you! Lol. Now obviously the further away you are, your options of who you can trust with your hair dwindles down. That's why they call me Nina Ross aka The Mobile Maestro! (Fine, nobody calls me that...lol)

The truth is I LOVE traveling the state and learning about new places. Some of my most loyal clients are all across the states of North and South Carolina, Georgia, Tennessee, Florida and other states and with me being their stylist I travel directly to them, offer 1 on 1 attention, Zero wait times and the convenience of never having to leave your house to get hooked up by a master stylist!

I specialize in FUSIONS - MICROLINKS - BRAIDLESS SEWINS....Need more info on the best style for you? Call me! Nina at
