Greetings; I've been playing the guitar for 45 years. Would you like to study with me? Great! Just pull up in front of my studio where there's always parking and let's get started. I've taught members of Green Day and Smashing Pumpkins, two Grammy winners and played in and led hundreds of my own bands. The lessons are \$40.00 for one 50 minute session or \$110.00 for 4 lessons and for a limited time I'm offering a free introductory lesson. We'll learn all the scales, chords and music theory needed....or you might want to skip all that and just learn your favorite songs. It's up to you! Student rates available....free 20 minute vocal and songwriting lesson if you're interested. E-mail for more...
