These two sweet cattle dog pups were abandon on our road two weeks ago. We have been taking care of them and trying to find them a new home. One is male and the other is female. They are very sweet, love our eight-year-old daughter. Not food aggressive at all, you can put your hand in their food bowls while their eating. They both get along well with other dogs. We are guessing that they are between 4 and 5 months old. Both dogs very well behaved and calm for their age. They aren't roamers, they stay very close to home. We're looking for a well suited home and won't just rehome them to the first person that calls. We would want some one that will take both of them, we aren't interested in splitting them up. Looking for \$150 rehoming fee for the pair.
