I am a Clinical Psychology student at NDNU and I have been asked to do an assessment of a person 65 years of age or older. I will be conducting a clinical interview and a few psychological screeners such as the Geriatric Depression Scale. The assessment will take a maximum of three hours. This assignment is for training purposes and I have been asked that I am not able to provide feedback to the volunteer. If you are interested in participating, is willing to sign a consent form to participate, and are okay not receiving any feedback from the assessment please email me. Thank!
