I am looking for property finders who want the flexibility of working your own hours. No experience required, no licenses required as long as you have a car, insurance, health insurance. I am a CA licensed real estate broker and need property finders to help me make contact with homeowners on leads to purchase damaged and old properties for my housing charity that provides free transitional housing to homeless women with children, and veterans with children. For every property you bring or make the contact with owner on, if my investors or I end up purchasing it, you will receive \$5000 at close of escrow. There is room for upward mobility, and we can talk about opportunities if you become a licensed agent.

YOU WILL/MUST

- Have a desire to work independently and have control over your professional growth
- Have a strong work ethic and desire to be successful
- Have excellent communication skills and ability to network to build your business
- Have a flexible schedule
- Work independently, with no bosses or mandatory
