Location **California**
<https://www.genclassifieds.com/x-379498-z>

I buy working refrigerators. And I'll take away your broken, non-working fridge free of charge. I pay \$100 for fridges that are less than five years old, and I pay \$75 for fridges that are older than five years old. I don't buy side-by-side refrigerators, because they're too big to fit in most apartments. Call me anytime.
