CamelBak CBR 4.0 100oz 3 Litre Reservoir Type M, GMA with sleeve NEW \$29

CBR 4.0 100oz (3 L) XP w/Type-M in black only, with black nylon protective sleeve

Can also be Used with military protective masks for operational conditions - once plugged in, there is no need to ever expose your water supply.

*If used with gas masks, it works with U.S. Standard Protective Mask M17, M40 Series, M70 Series, MCU2P, and (C7, Canada).

The reservoir is black in color, with only CAMELBAK written on it. The image I've included is for example only, as it brings out the details of the reservoir bag.

This CRR (Chemically Resistant Reservoir) meets resistance requirements to chemical agents. It easily integrates with Current CamelBak hydration carriers. The CRR slips into any 70 or 100 oz reservoir pocket. The CRR reservoir bladder comes with a black nylon sleeve for additional protection of the reservoir body.

CamelBak next generation Chem Bio Reservoir 4.0 (CBR 4.0) and OMEGA CBR 4.0 with DuraFlex Barrier Technology. Resistant to highly lethal chemical and biological agents. We designed this product, the CBR 4.0 Reservoir, to be flexible and to provide tactical benefits on the battlefield for operators who wear protective gear. The CBR 4.0 Reservoir was made in the USA. The CBR 4.0 Reservoir is a military grade quality product. CamelBak's NEW 100L CBR 4.0 integrates seamlessly with the revolutionary HydroLink Modular Attachment System. DuraFlex Barrier Technology resists penetration of chemical and biological agents.

NEW Chem Bio Reservoir 4.0 which attaches easily to Type M, A, or S, Gas Mask Adapters.
