

dirt and skid loader (cb and omaha)

Location

Iowa

<https://www.genclassifieds.com/x-379656-z>

I have a small skid loader which will fit into some very tight spaces and is just an animal! Great for those jobs where a big one doesn't work. Has tracks so I won't get stuck and also have forks for moving those heavy items. Call steve or email for inquiries about prices. Grading, removal , and just about anything you need. Great operator with 20 years experience. Also have a dump trailer for.
