If you had your Identity Stolen Tomorrow....Who would you call?

While many companies like Life Lock and credit card companies that claims to protect you....
Did you know..... they only notify you and then they send you a kit to show you how to recover your identity?

"Safe ID Trust" is totally different from all those other companies.

Identity theft protection in their terms, like Lifelock and similar companies, they "only notify you" that your Identity had been stolen and they will send you a kit to show you what you need to do to recover your identity. YOU RECOVER YOUR IDENTITY YOURSELF!
