Dear Parents,

I offer a small setting in home childcare. I'm located in Honolulu in a lovely home. I've been a nanny for over 14 years.

I currently have space for children age infant to 15 months old. I offer meals and other packages to fit your childcare needs with a monthly flat rate.

Lots of fun learning activities are done with the children daily along with reading. The children also enjoy a day learning about nature in the back yard.

If you are interested in one of my available spaces, please contact me with the age of your child, what days/hours you need per week, when you need to start childcare? My spaces fill up fast!

Looking forward to hearing from you.

Thank you

Aloha
