I need to rehome my soon to be 3 year old female black & white cat. She Needs to be in a home with no young children, she is fine with my 9 year old but my 3 year old makes her very nervous. She is used to our little pug & another cat. She is my baby & this is going to be very hard for me but I don't want her being nervous all the time, if she could be in a calmer home. She loves to look out windows & do her own thing during the day, but she likes to snuggle me at night. She is up to date on shots, spayed, & microchipped. I do have all the records for that as well. Their will be a rehoming fee to ensure her safety but most important I want her to go to a great home, please email me with any questions, thank!
