I'm looking for someone to lay down concrete in our backyard. We're also having trouble with the yard getting swampy due to the drains emptying too close to the house, so we need to resolve that issue at the same time. I have a couple other issues like a hole in the fence, and cleaning out under the deck that I need to get fixed. If you're interested, please let me know and I'd love to have you over to check it out and get an estimate. Thanks!
