Shooting out of a new studio as well as starting up location shooting again!

Shooting everything from evening gowns to dresses to lingerie to pinup and more! And I have all the clothes!

Go to:

www.be.net/JimJetOutfits

to see all the outfits....It's my online catalog of all the outfits and accessories I own or that are on the way. Of course if you have great outfits, we can use those as well!

There's 25 categories of fun stuff....all personally picked by myself.....new items arriving daily....I guarantee you'll love some of this new stuff!

Take a look at my portfolios below and if you're interested in shooting....send some pics (face and full length) and a little info about yourself, experience level and what sort of shoots interest you.....

This is time for prints....

Cheers! Jim Jet
