

rehoming reptiles (boynton beach)

Location

Florida

<https://www.genclassifieds.com/x-379994-z>

Due to new circumstances with my job i have to rehome my reptiles. There are two left. One is a 4 year old hypo jungle boa (female) and the other is a 4 month old black throat monitor (male). You must have knowledge and understanding with the btm. Will not just sell to anyone.

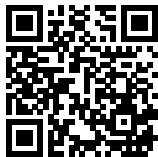

I am excepting offers with the boa but will not go less than \$450 with the black throat. 500 if you want all his hides, branches, lighting and a temporary 60 gal reptile tank to keep him in. I stress the word.
