Drummer seeking band / musicians to play with. Professional drummer (57) easing out of the play for pay lifestyle, looking for people to play soul-jazz, R+B, jazz, reggae, acoustic, Americana, country, blues (delta, not chicago or texas), soul, rock, funk, whatever. I currently have a career in music production, and am not looking to play clubs as a weekly thing, but would love to play a gig now or then. Could be rehearsal space, garage, chill Sunday afternoon backyard, or whatever. Looking for skilled players to have FUN (and possibly \$\$). I am open to almost anything!! PM.
