This is a beautiful 1999 Wellcraft Coastal 3300. It has lived in Michigan its entire life, and has less than 400 original hours! Comes with Dual Raymarine E70 units, Raymarine Radar (25 Mile Range), Raymarine Autopilot, Ship to Shore Radio, and all the rod holders.

It is powered by Twin Mercruiser 7.4L - 380hp engines for a total of 760hp!

Also included is the custom made Loadmaster Quad Axle Trailer - purchased new in 2010 for over \$12,000.

I also have a 37 page marine survey that was conducted in the Fall of 2012 - it values this boat at \$70,000. For serious buyers, I am happy to email a copy of this extremely detailed.
