

# I Build Custom Dog Houses (95, USD)

Location **Louisiana**  
<https://www.genclassifieds.com/x-380040-z>

Hey Guys, I custom build dog houses like the one you see in the photo. That one has been SOLD but I can build you another one just like. And if you need one in different colors, larger/smaller door or even a bigger/smaller size house I can do that for you, too. Just let me know what you need. The one in the photo is 23" x 23", sturdy 1/2" plywood, painted inside and out, even the trim is painted on both sides for extra protection. The base is treated, sealed 2x4's. The roof is seal tab house shingles although the one I just built has wood shingles. My dog houses are built to last. Let me know what you need.  
 Thanks,
