Original Japanese Kamado grill in great condition. This is a real Kamado from Japan which has spawned a host of imitators such as the Big Green Egg, Kamado Joe, Komodo Kamado, Primo, etc. It has the original cap and damper and the original all welded rolling stand.

If you've been wanting to try a Big Green Egg but didn't want to spend \$1,000, this Japanese original might be just what you need. Best of all, the grate measures 18" in diameter, so BGE, Kamado Joe, Primo, etcetera accessories will fit just fine.

It has new Rutland gaskets, a new thermometer and is ready to cook for you tonight.
