Seeking one mature, responsible, happy soul to share my beautiful home with. It's a 2700 sq ft plantation house situated on 2 acres with lush tropical landscaping, fruit trees, veggie gardens (help make more? ; ) and 2 other buildings. The house features solar powered water, vaulted ceilings, a large living space with 3 bedrooms and 2 bathrooms plus an outside shower. It's an awesome living space for another low-impact, light footprint person. I am the property manager and a fine artist who works on site. We have 4 cats on the property waiting for your love! Tasteful furnishings, gas kitchen stove, custom wood cabinetry, and large lanai. It's very conveniently located across from Kilauea town.

Rent is \$900 a month plus utilities.

I am a successful artist, balanced, and definitely a morning person who manages so much of the property from the house during the daytime, so a harmonious match would be another morning person who isn't home much during the day and loves the quietude when they return. There is minimal storage available.

Let me know if you are interested by including your phone number. MAHALO.
