Hello and thanks for looking at my casting call.

I have several concepts that I had been trying to transform into images but due to a hectic schedule it hasnt yet happened. So I am trying again.

I mostly do fairy tale fantasy images, I am taking a step away from that and doing dark, glamour and message based images.

Some of the ideas I have are:

1) Birth: Depicts a beach with a number of large eggs and the largest one is hatching and a model is coming out of it.

2) Asylum: An abandoned mental asylum with the model in the center looking deranged, with ghosts of previous inmates flying around.

3) Dark Angel: Several variations but mainly dark wings and war torn landscape.

4) Glamour: I am interested in doing black and white head shots mostly concentrating on eyes and lips.

I have several other concepts. If any of the above interest you or you would like to know about my other ideas,please feel free to send me a message with your email address and I will gladly send you sketches of my other images.

Goodluck!!!
