I would advise against anyone responding/going to this gig. Mr. Oz in Ocean Springs, says he is looking for someone to braid his beard for 100\$. I went to meet Mr. OZ, and once I got there he was upset that I didn't come alone and that my lift was just waiting to see that I got in safely and too see who I was going to meet (In case anything happend). He wouldn't even answer the door, not a crack not even a voiced reply. He only msged me that he did not like the fact that I did not get dropped off up the road and walked over, alone. He also curtly told me my services where no longer needed. He had also told me the previous person who came to do his beard was mexican, which was one strike already for him, and not alone, so he sent her away.

I spoke to him a small bit before driving over to this gig, and he seemed to be demeaning towards women and racist.

In my PERSONAL opinion, this man is up to no good intention, and I find it extremely odd under the circumstances in which he wants you to meet him, no witness style.

IF anyone or someone you know responds to this add, and something where to happen, I do have his address just in case. (You never know, not to long ago a cannibal was caught off of craigslist 'shopping' for new meals in the Gulf coast area)
