

Endurance Sports Event Marketing (Mississippi Gulf Coast)

Location **Mississippi**
<https://www.genclassifieds.com/x-380364-z>

Local race management company looking for a commission-based sales rep to sell advertising sponsorship for at least two successful regional endurance races held on the Coast each year. These events are not charities but always make a donation to non-profit cause.

You work your own hours however it is usually easier to work during normal business hours as this job requires both phone and in-person outreach. We provide generous percentage commissions based on the amount of the sale ranging from 10% up to 50% (the higher the sale, the bigger the percentage). In order to make real money you need to be able to travel to New Orleans, Baton Rouge, Hattiesburg, and Mobile.

We provide some targeted leads and any marketing materials needed. However any business is a potential advertising sale. You have 4-6 months to market an event. This gig is perfect for someone who has marketing or sales experience but is unable to work full time.

The events are already successful but our race managers don't have the time to grow sponsorship levels.

Email your resume and a cover letter if.
