What is Reiki (Ray-Key)? In Japanese it means spirit life energy. Reiki is a laying-on-of-hands energy healing technique developed in Japan in the late 1700s.

Reiki energy doesn't make all the bad disappear like magic. Reiki flows from the practitioner to the receiver and helps the body to heal itself and give it the energy it needs to end disease, pain, anxiety, and other physical or emotional health problems.

My name is Troy and I'm a Reiki Master (level III).
30-45 minutes: $40
50-65 minutes: $60
85-100 minutes:
