

## Short Term Constuction Loans Wanted (Bath, Me.)

Location

Maine

<https://www.genclassifieds.com/x-380605-z>

Successful builder seeking short term construction financing for our clients who have a pre-approved mortgage in place. Our clients will provide a bank commitment letter and in some cases closed loan (purchase upon completion) prior to any request for money. We would like to expand our business and offer our customers that don't qualify for or wish to apply for construction loans a way to build. Most projects are modular single family homes and the average time frame for a complete project is 90 days. We have been in business over ten years and have built close to 100 homes. We are experienced and have an excellent reputation for quality work. Please contact us for further.
