

forced hot air ducting help (Richmond)

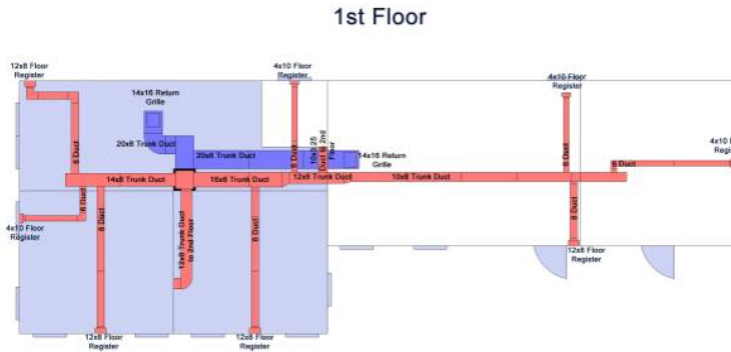

Location **Maine**
<https://www.genclassifieds.com/x-380650-z>

I have a crew and a house that I'm putting a new forced hot air system in. I have the design, and will have all materials.

I'm looking for someone who knows what their doing to help lead and install. I'm sure we can figure it out, but your knowledge will make everything more efficient. Cash. Maybe it's a couple days, maybe a week. Not sure.

Lmk what you bring.

Thanks.
