Don't waste your time and money with a "form LLC" sold on the internet by a non-lawyer - these sites provide the same form to everyone, and in many cases do not provide all documents necessary for "limited liability". Only a licensed Missouri attorney can provide legal advice about a Missouri LLC and draft an LLC tailored for your business needs. The main function of an LLC is to insulate the owner from risk and maximize tax advantages. Hopefully an LLC is a set of legal documents that you file away and rarely use. If the day comes and you end up in litigation over a slip and fall, car accident, partnership break-up, account collection, etc. . . wouldn't you rather be thinking "I'm so glad I hired that lawyer and I know my LLC is set up right". . . instead of "geez I bought that kit on the internet from who knows where and I hope I clicked all of the right boxes."

Don't "click the box", get it right! For ****ONLY \$450 **** a Missouri licensed attorney with 12+ years of business law experience will draft a basic one-member Missouri LLC Limited Liability Company tailored for your specific business needs, obtain your Federal ID, and provide your first Banking Resolution. Your legal fee also includes a Consultation at delivery of the LLC to review and sign your legal documents, and discuss proper LLC procedures. Contact the Law Office of Casey Coats at for help with an LLC today - Ask for "Chris" to get started! We make going into business EASY! Conveniently located in Brentwood MO at 2601 S. Hanley Rd 63144.
