This guy claimed he lives in L.A and needs a liaison in downtown Manhattan to meet with customers/clients to verify stock prices - crypto stocks.

Offers \$50 per project or for 45 minutes to start, first he wants just 2 hours since he needs to make sure he hires the right candidate before he gives fixed weekly salary & hours but he is actually looking to use different people because what he is doing is illegal !

He is a known scammer, uses different names & stories.
And he lives in Union Sq. NYC, NOT L.A !
