This is my starter motorcycle. I bought it a couple of years ago with a salvaged title, haven't had any problems with it, runs great. Getting ready to up grade. It is a 2005 Harley Davidson 883 Custom with about 8600 miles on it. Comes with a HD detachable backrest/luggage rack and a detachable windsheild. Screaming Eagle II pipes for plenty of great HD sound! Has forward controls and a windshield bag. Put a new gel battery in about a year ago. Tires are fair and has a few scratches here and there. Belt driven. I have the title for it. Motorcycle sold as is. Asking \$3600 OBO cash only. Might take part trade for right firearm, looking for a S&W revolver with a 4" barrel or more or full size Glock 9. Can email with any questions. Phone

Thanks for.
