

Experienced Architect Available (Central NJ)

Location

New Jersey

<https://www.genclassifieds.com/x-381063-z>

Experienced architect available to help you with your local home renovation/construction project. Over the years, I have worked with billionaire developers, millionaire business owners, and large public agencies and municipalities. Now, I just want to earn a living and stay close to home. No Turnpike and no sitting in traffic every day. I am available to help you with your home renovation/construction project. I am looking to start a few projects for the Spring/Summer months from design to construction. Let me know how I can.
