

BLUES DRUMMER NEEDED

Location **New York**
<https://www.genclassifieds.com/x-381172-z>

Established four piece blues band (lead vocalist, guitarist, bassist, harp/guitar player) looking for a blues drummer that doesn't just play drums but more so, feels the the pocket.

We are a 4 year old band that plays original music and a few standards. This is not bar blues jam band, no disrespect to that, just painting a clear picture for you. We take the form seriously and honor the tradition, as we find what it sounds like in the 21st century.

We practice once a week (sharing the cost by contributing \$9-14 each) and gig as often as possible (working on securing guarantees). Check our website www.thehurtproject.com and if this sounds like a good fit for you, email.
