Hello!

I have a lovely lady tuxedo cat named Luna who needs housing starting now through the summer. She is spayed, up-to-date on vaccinations, very playful, and friendly. She has lived with other cats, but is better suited to be the only cat in the home. She is fairly independent, but loves to be pet and held, preferably on her terms. Luna loves to play with toys, watch birds out the window, and nap.

I will pay for all of her expenses (food, litter, treats, etc.) during her stay and provide compensation.

Message me if interested.!
