Outdoor power equipment repair

Is your outdoor power equipment giving you fits? Now is the time to get your lawn and garden equipment tuned up and ready for the season. No need to wait 10 to 14 days and pay the higher labor rates of major dealer and service centers. Spark plugs, oil changes, air filters, tune ups, carburetor rebuild. I do it all. Work from in home shop.

In most cases next day services available!!! Pickup and delivery service available.

Call or reply to ad.
