Next Saturday, April 25, from 10am-2:30pm there will be a heartworm awareness event at the City Kennel (2690 W 7th). All dogs in Cleveland that are not on heartworm preventative are at risk of contracting heartworms as it is spread via a mosquito bite. Heartworm disease is completely preventable by giving a monthly tablet or treatment (similar to flea treatment). Heartworm tests are available by advance appointment only (call . The cost is \$15. There will also be low-cost heartworm preventative available, as well as information about low-cost vaccine services and low-cost spay/neuter services. More details on the photo. For directions to the city kennel, click here:
