DAVID THOMAS CONSTRUCTION - Residential and Commercial Builder

Contact Number:
 E-mail Address:

I have extensive experience in commercial remodeling, custom home building and home remodeling.

Custom Home Building -

My vision is to build a home that is your design, one that makes a statement about you the homeowner. The artisans on my team use the best materials and strive to create a home that you are proud of, a place to raise your family or retire in comfort.

I am a turnkey builder that manages the project from start to finish. My services begin with the footprint placement of the home on your lot, all of the interior and exterior finishes up to or including landscaping. Everything is ready for you to move in when we hand over the keys to your beautiful new custom built home.

Commercial Construction-

I work with your design team and architects to remodel your business office or building both interior and exterior finishes. My team of professionals are craftsman and committed to quality and customer

satisfaction. I manage the project for you from start to finish.

Please contact me with your project. My project is
