

CUT DOWN YOUR MOVING COST BY 50

Location **Oklahoma**
<https://www.genclassifieds.com/x-381317-z>

My 24 ft box truck with a lift gate will make your move so easy and enjoyable. Most damage during the process of moving occurs when movers are struggling to go up a ramp, that's why I decided to curtain the weakness by installing a lift gate on my truck. With this life gate, even u and your spouse will do the move so easy. You can either rent the truck for a price far less than the cost for a u-haul and I will do the driving for u for free , if u want me to. The truck will take in up to four bedrooms and goes all over Oklahoma and beyond. It's available only on weekends. If you need movers as well, it will cost you \$40/hr (truck plus two movers). Call Cornelius and be next on the list.
