

Big Long, Modern (ish) Couch (100 USD)

Hands down the most comfortable couch I have ever owned. Everyone wants to sleep on it, cuddle in it & have alone time with it to ponder life's most important questions.

- non smoker, no drugs, no pets & no fun....except for the incident below, read on if you dare!

One time, late at night (or was it early in the morning) I grabbed my wife, with one hand over her back and the other between her legs gripping her butt with a tight squeeze and whammo, I body slammed her, right on this sweet couch... as husbands do of course and one of the supporting wood sections cracked so we have a cement block about 5-6" high under the right side (if facing couch).

:::: Because of this we're selling our \$10,000 couch for only \$100 bucks!

Aside from a cracked piece inside that we don't even notice with the supporting block underneath this baby feels as new as when we got it!

Let me know if you have any questions!
