Brand New 5.11 high visibility parka-New jacket with removable liner. Size medium but fits me like a large. Selling for \$140.00. Retails for over \$300.00. Great for flaggers, crossing guards, construction, tow truck drivers or EMS personnel. Can be worn with/ without liner or just the liner.

Engineered specifically for EMS professionals, the Responder Parka gives you the utility, performance, and reliability to respond effectively. The waterproof, breathable construction keeps out wind and weather without heating you up during periods of high activity, and a blood-borne pathogen resistant\* lining keeps you protected from environmental hazards. A three-way adjustable hood, hook and loop storm cuffs, a double storm flap, and an elastic corded hem keep out rain and cold, while a water resistant radio pocket and shoulder mounted mic loops keep you connected. Abrasion panels at the shoulders provide traction for a backpack or duty bag, a patch panel at the right chest secures your ID, and zippered pockets at the chest and sleeves are sized for EMS accessories. Reflective tape has been installed at the hem and sleeves to provide an enhanced visibility profile for night time or low light conditions.
