

Host an Exchange Student

Location **North Dakota**
<https://www.genclassifieds.com/x-381456-z>

international Experience - USA Hosting an international student offers a life-changing experience for the entire family that lasts well after the time of the exchange. iE-USA (usa.international-experience.net) celebrates the unique character of each host family and student. A carefully matched exchange student becomes an extension of your family, and you gain a son or daughter from around the globe. Host families offer "family support" and may be of any make-up, including established singles and couples, domestic partnerships, and families with children of all ages.

Our students originate from around the world including Germany, Thailand, Serbia, Montenegro, Italy, Poland, Finland, Spain, Colombia, Iceland, Austria, Switzerland, France, Myanmar and China. iE-USA students participate in a Department of State sponsored cultural immersion program including academic, social and family components. Students attend high school in the US while living with a host family for 1 or 2 semesters. Experience Another Culture in Your Own Home Learn about your student's cultural norms and perspectives. Model cultural acceptance and global service as a life lesson for your own children. Learn a new language or practice the language you are currently learning. Host Families Provide: A non-inflatable, permanent bed. Students may share a room with a host sibling of the same gender and similar age. Three meals a day. Students electing to purchase lunch at school instead of packing a lunch should also pay for that extra expense. Help with transportation at times, since students cannot drive. Students may ride the school bus and/or arrange to get rides from friends and neighbors. iE Exchange Students Provide: Their own spending money for all personal expenses including school and sports fees, personal entertainment, clothes, souvenirs, etc. Their own medical insurance. Student Profiles of Students Seeking Host Families for Upcoming Semester: Click Here to View our Student Profile Page or Click Here to Get Started with Semester Online.

Hosts receive host family fees, get up to 100% travel discount and no cost on application. No obligation. Upon confirmation of the matching process, host families have full access of our website and can view available student profiles. Click Here to get started as a host family. No fee to begin. The online application will be asked to provide information about your community, home, family and special interests. This information will help us suggest several students who will be a great fit with your family.

After registering online, a local coordinator will contact you to schedule an in-home interview. This is an opportunity for you to ask questions and to make a connection with the person who will offer local support.
