Up for sale are a couple of my beloved bikes.

First up is my Fuji track 1.1 (54cm). It has been ridden a lot over the year, but it's just a little too big for me, so I'm selling it. It's in excellent condition, only minor superficial scratches due to locking up and whatbot but there's nothing serious. There's also a lot of steerer tube if you're looking for more of an upright position or a slammed position. If I were to rate it, it's condition would be 8.5/10. For sale is the frame, fork, seatpost, headset and Sugino 75 bottom bracket for \$600.

Next is my Fuji Obey (52cm). Again, it has slight scratches but also chipped paint, but what do you expect for having commuted on it for about 8 years? Lol. It rides smooth and I've never been hit on this bike as well. Rating: 7.5/10. For sale is the frame, fork, seat, seatpost, stem, nitto rb-021 pursuit bars, and miche sealed bottom bracket for \$300.

I also have random parts for sale:

Crankset: I have a FSA gossamer for sale, 53t and 165 in length with pedals and clips. Comparable to SRAM S-300s or even omniums. Take it for \$100.

Stems: I have a ritchey comp stem, 110mm in length and +/-6°. Take it for \$20

I also have a 3t threaded stem, 110mm in length and 73°. Take it for \$20
