

Rehoming two ball pythons (Norman)

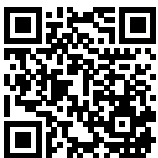

Location **Oklahoma**
<https://www.genclassifieds.com/x-381526-z>

I'm wanting to rehome my two young ball pythons. They are about 8-9 months old maybe a little bit older, feeding them 1-2 live mice per week which they are taking very well. They do well housed together and I was told by the breeder they are a make/female pair. Used to being handled, never struck. For both snakes and their 40gal tank, lights, hides, water bowl, branches I'm asking \$100. For just the snakes I'm asking \$50. I'd like them to go to someone with experience in reptiles/snakes and who would know the specific needs of these animals. Feel free to text, no calls I won't answer those. Email is also good.

Must be willing to pick them up or meet halfway. Photos are of the
