Our calves need TLC...anyone who is willing to help muck stalls, replace bedding, wash equipment, or even just feed them bottles :) We rescue these little guys from a local Dairy Farm (that intended on incinerating them). They come to us as young as a mere hour or two old, and can be very fragile/weak. We are hoping you can commit to at least two shifts (there are 14 shifts per week). Morning shifts start about 6:30am, and evening shifts at about 4 (each lasts under 2 hours). Come help us save!
