I absolutely love being a bartender. The only thing I love just as much as bartending is meeting new people, so why not combine the 2? My name is Diamond and I have been bartending for the past 2 years. I enjoy my job tremendously and love working with people who are upbeat and know how to have a good time. I am willing and able to work long hours as well as any shift. I thrive in a fast-paced environment and enjoy getting to know the guests and providing them with their favorite bar drinks no matter how rare or unusual it is. I do birthday parties, weddings, holidays etc. only with in the Philadelphia area. Please contact me at the number or e-mail given above for booking and more.
