I'm looking for someone to live in this apartment in Washington Square West, because I have got a job outside of the city.

Our lease is up for renewal in the end of June, and then you can extend this lease.

The available bedroom is relatively large, and has two windows and gets a lot of light.

ABOUT THE APT:

Third floor of the three story building at 10th and Spruse
Landry is a block away
6 min walk to Whole Foods, SuperFresh
Great restaurants and bars

The rent is \$750 plus utilities (internet, electric and gas) split two ways.

About my roommate--He is a professional in medical field, and works for Penn Hospital.
I hope his new roommate is a grad student or professional, but this is not a requirement.
