I have a female guinea pig that is approximately 3 years old. She is very friendly, and loves to be held and paid attention to. She will make noise when you talk to her and, she enjoys fresh fruits and vegetables. She will come with her cage, all her supplies, what is left of the 25 lb. bag of food that we have, and whatever remaining bedding there is. She is free to a good home. I can email pictures upon request, however she is a smooth hair tri-colored pig with brown, black, and white on her body.
