I am an Independent Consultant with Rodan + Fields and I'm looking to add 2-3 consultants to my sales team! Rodan + Fields are the masterminds behind Proactiv and they now have new skincare lines for anti-aging, blemishes, sensitive skin and more. These products have been featured in multiple magazines, television and they were recently ranked #4 out of all skincare brands.

The proven business model of the company and genuine product quality make it easy to succeed in this business. There is no sales experience required and you can run your own business on your own schedule. With part time hours you can make full time pay! I am able to fit this work in easily even though I have a demanding full time job and busy family life. I know it sounds too good to be true, I thought the same thing but I decided to take the leap into the business and I'm so happy that I did.

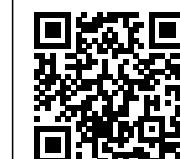

I am looking for passionate people that truly enjoy helping others while enriching their own lives for my team. If you enjoy sharing new products that you love with people you know then I encourage you to contact me so we can discuss this further and I can answer any questions that you might have. This business is growing incredibly fast, don't miss the opportunity to get in on the ground floor!
